

About EJBSS Journal

An international multidisciplinary scientific journal, Ethiopian Journal of Business and Social Science (EJBSS) is based in Arba Minch University, Ethiopia and publishes peer reviewed articles biannually in the various fields of business and economics, social sciences and humanities, behavioral and pedagogical science and law. In this guideline, we describe some basic considerations that authors should comply with when submitting their manuscripts for publication in EJBSS. EJBSS accepts peer-reviewed original scientific articles which are usually reports of empirical studies, literature reviews, theoretical articles, methodological articles, or case studies. Other, less frequently published types of articles include brief reports, comments and replies on previously published articles, book reviews, and monographs. EJBSS disseminates its publications to the scientific community in Ethiopia and elsewhere in the world. In this way, the journal aims to introduce Ethiopian academic achievements to the world community, by demonstrating the significance of Ethiopian scientific investigations. EJBSS is a non-profit academic journal based in Arba Minch University, Ethiopia.
